ABOUT ME

Hi, I'm Jaunessa!

I love to travel and see different parts of the world, but also love to stay home with my family and spend good quality time together.

My main goals in helping people with a disability are to help participants gain employment and the social skills they need to realise their aspirations.

EXPERIENCE

I have had real life experience in looking after family members when they are ill or have had an accident. When my brother was involved in a major car accident and I assisted with both their mental and physical recovery. This experience translates well into helping NDIS participants gain independence in their actions and abilities.
