## ABOUT ME

Hi, I'm Liam! I am a passionate, driven, enthusiastic person who is all about empowering people with a disability. I enjoy helping people grow and develop new skills to apply in everyday life. I'm kind and calm with a patient personality and enjoy going the extra mile with my awesome participants.

I love Tennis, I enjoy finding a good book to settle down with, running outdoors, watching movies, and catching live music during my free time. I also live with my goofy greyhound Ruby, who always keeps me entertained!

## EXPERIENCE

With my recently completed Bachelor in Psychology I am excited to use my new skills to make a positive impact in the disability support sector! I especially enjoy working with participants around Employment Support. I feel this is my specialty as I have a lot of life experience around seeking and understanding employment and learning how to build independence myself.

## EDUCATION

I completed a Bachelor of Psychology in 2020 taking on multiple electives in Childhood Development. In 2014 I completed a Diploma of Community Counselling that provided me with advanced counselling skills. I also have a background in IT and have developed skills in a range of IT programs as well as teaching others in IT skills.
